

Where do our lessons sit?

Write one lesson in each cell you can. The printed example is only a prompt. No cell is the goal for every lesson.

NAME OR TEAM

SUBJECT

DATE

Creative

Students make something new

Replace

The same task in a new medium

CR Creative Replace

For example: typing an essay that would otherwise be handwritten.

Amplify

The same task, made better

CA Creative Amplify

For example: making a stop-motion animation to explain a process.

Transform

A task that could not happen without it

CT Creative Transform

For example: publishing a podcast for a real audience beyond the school.

Interactive

Students respond or take part

IR Interactive Replace

For example: a whole-class quiz that mini-whiteboards could have run.

IA Interactive Amplify

For example: pairs tag evidence on a shared wall the whole class can see.

IT Interactive Transform

For example: questioning a partner class in another country, live.

Passive

Students receive: watch, read, listen

PR Passive Replace

For example: reading a page on screen in place of the textbook.

PA Passive Amplify

For example: watching an explainer video each student can pause and replay.

PT Passive Transform

For example: a 360-degree tour of a place the class could never visit.

1 Which cells are full, and which are empty? 2 Is each lesson in the cell we meant it to be in? 3 What would a neighbouring cell look like?
